

Coaching Staff

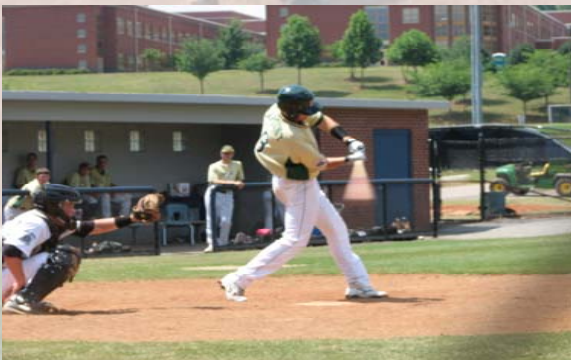

The Mass Pride Baseball Club is privileged to have an experienced Coaching staff that is committed to the development of individuals both with their athlete abilities and their academic progress. Players can be expected to be challenged on and off the field. Players will be required to submit school report cards to the Coaching Staff to track their progress in the classroom. As a Club, we feel that ones ability to put forth effort in the classroom will ultimately dictate their performance on the ball field. In addition, as a Club, our coaching staff has no parent connection with its players which proves to be an essential element of the development of the serious athlete at this level of play.

Community

The Mass Pride Baseball Club has established a community outreach in which players get involved in giving back to those that are less fortunate. Players, Coaches, and parents team up with local charities to make a difference in their communities. As a Club, we feel this is an essential tool in developing young athletes.

Home Field

The Mass Pride Baseball Club in the year 2005 raised funds and rebuilt what now is their Home Field. Each year the Club raises funds to add and maintain this Field located in West Bridgewater.

Baseball Registration

The Program

The *Mass Pride Baseball Club Select Team Program* is a non-profit organization dedicated to the development of young men through the game of baseball. It must be understood that we are not one team, but a program. Each player will be helped to reach his highest level of ability and to appreciate the game of baseball. We stress sportsmanship, physical conditioning, drug awareness, and academic achievement.

The Purpose

The purpose of the *Mass Pride Baseball Club Program* is to provide a venue for young athletes to grow both as ballplayers and young men. They will play in the most competitive baseball program available to their age. They will experience teammates and opponents from various parts of the state and the country. They will have the opportunity to work with outstanding and professional baseball Coaches and Strength & Conditioning Trainers. The Coaching Staff will help players develop their skills with the ultimate goal to use baseball as a vehicle to further their education and play baseball at a higher level. New for 2011 the Club's 14 - 18 yr old age divisions will be participating in National Showcase type tournaments in which players will have the opportunity to be exposed to College Recruiters.

Strength & Conditioning

All *Mass Pride Baseball Club* members are involved with off season workout sessions in which strength & conditioning and speed components of the game are worked with. Players will learn and improve their range on the field and base paths. Positional players will learn how to prevent arm injuries and to properly maximize their baseball skills. Off season Team workouts begin in November on a weekly basis. Players that are involved with school sports during off-season workouts are encouraged to discuss alternative workouts schedules with the *Mass Pride* coaching staff to maintain their commitments for their school sport and their *Mass Pride* Team.

Commitment

There is a major amount of time, energy, and financial commitment required from each player and their family who are selected to play for a *Mass Pride Baseball* Team. Each player will be required to sign a Player Commitment letter vowing his commitment to the *Mass Pride Baseball Club* Select Team Program. There is much work done during the off season and lasting up to opening day of the spring & summer season. Players are encouraged to spend individual workout time above and beyond team organized practices.

Player Membership Package

As a selected player of the *Mass Pride Baseball Club* Select Team Program, each player receives a complete uniform package. Players will play in a 20 - 45 game season depending on age division. Teams will play in local, regional, and national tournaments. Each player is given an unlimited Batting Cage Rental Membership at Baseball Performance Training Center and entitles them to many benefits and discounts that the *Club* offers throughout the year.
